

NEED HELP PAYING FOR VACCINES?

The Vaccines for Children (VFC) and Vaccines for Adults (VFA) programs can help provide free vaccines.

Is my child eligible for the VFC Program?

Children are eligible if it is before their 19th birthday and they:

- Qualify for Medicaid
- Don't have insurance
- Are American Indian or Alaska Native

Children whose insurance doesn't cover some or all routinely recommended vaccines (underinsured) can still get vaccines through VFC if they go to a Federally Qualified Health Center or Rural Health Clinic.

Am I eligible for the VFA Program?

Adults 19 years of age and older are eligible if they are:

- Uninsured - Has no health insurance
- Underinsured - Has insurance that does not cover vaccines
